

MOONLIGHT-2

MOONLIGHT-2 / WHITE SHARK

White Shark MOONLIGHT-2 is a compact LED ring light designed to provide balanced illumination for content creation, video calls, streaming, photography and makeup application.

- **21 cm (8") LED ring** for even illumination of faces and objects
- **72 individual LEDs** for bright and consistent lighting
- **480 lm luminous flux** with a power output of 6.5 W
- **Adjustable color temperature from 2900 to 7000 K** for warm, neutral and cool tones
- **Dimming range from 10 to 100%** for precise brightness adjustment
- **CRI Ra ≥ 80** for more natural color reproduction
- **Smartphone holder and desktop tripod** for convenient positioning
- **Remote shutter** for easy photography and recording from a distance
- **5 V USB power supply** for convenient connection to different power sources

White Shark MOONLIGHT-2 combines adjustable lighting and practical accessories for creating better-looking content at home, in the office or on the go.
