

QILAUT

QILAUT / ESHARK

White Shark QILAUT is a programmable macro controller developed for content creators, streamers, gamers and professionals who want to accelerate everyday tasks and keep essential functions within immediate reach.

- **15 programmable keys** for quick access to applications, commands, shortcuts and customised workflows
- **126 × 126 px display resolution on each key** for clear visual identification of assigned functions
- **Software-supported macro functions** enable detailed command customisation according to individual requirements
- **Silicone switches rated for up to 50 million presses** for durable and reliable use
- **USB-C connectivity and a 1.5 m cable** for simple placement on a work or gaming desk
- **Compatibility with Windows 10 64-bit and later, and macOS 11 and later** for flexible use across different systems
- **Compact dimensions of 131 × 80 × 56 mm and a weight of 188 g** for practical placement without occupying much desk space
- **Durable ABS plastic construction** for stable and reliable everyday operation

White Shark QILAUT combines programmable keys, individual displays and advanced macro functions to provide a practical control centre for streaming, gaming, creative work and productivity.
