FIREBALL

FIREBALL / WHITE SHARK

White Shark FIREBALL is an electrically adjustable gaming desk designed for users who want maximum stability, a large work surface, and ergonomic adjustment for a serious gaming or work setup. With two motors, a load capacity of up to 180 kg, and a wide height adjustment range, FIREBALL provides a solid foundation for demanding computer equipment and comfortable all-day use.

- **Electrically adjustable gaming desk with 2 motors** for powerful and reliable height adjustment
- **Large 1800 x 750 mm desktop** for a spacious gaming or work setup
- **Adjustable height from 620 to 1260 mm** for easy switching between sitting and standing positions
- **Load capacity up to 180 kg** for stable placement of demanding computer and gaming equipment
- **Button control panel** for quick and simple height adjustment
- **18 mm thick desktop** for a solid and stable work surface
- **Steel, aluminum, plastic, and particle board construction** for reliable everyday use
- **Matte black frame and black finish** for a modern and distinctive gaming look
- **100 – 240 V power supply and 1.8 m cable** for practical placement in your space
- **Assembly required** for proper and safe product use

White Shark FIREBALL combines high load capacity, a spacious desktop, and electric height adjustment for a powerful, ergonomic, and organized gaming or work setup.
